

KEY TO THE CLASS SCHEDULE

- 1** CRN (Class reference number): This number identifies a particular class session of a course. Registration for a class will be based on the CRN submitted by the student on a registration form. Where there is a choice of meeting times (such as lab courses) or course levels (tutorials, independent study, music lessons), particular attention should be given to selecting the CRN matching the meeting time or course level desired. "CLSD" will appear instead of the CRN when a class is closed to additional registrations. "XLIST" will appear instead of the CRN when the class is cross-listed (See 8 below). "MUEN" will appear instead of the CRN for all ensembles which will be handled by the ensemble directors at the beginning of the term.
