AFFECTIVE DISORDERS

1. Major Depression
   - either single episode or recurrent episodes

2. Bipolar Disorder
   - either mixed (rapid cycle), or depressed

3. Dysthymic Disorder (or Depressive Neurosis)

4. Cyclothymic Disorder

   The last 2 are residual categories for people who come close but do not quite meet criteria for the first four. These are:

5. Depressive Disorder NOS, and

6. Bipolar Disorder NOS
