

Hey Hey Durkheim

Hey hey Durkheim
Social structures will never die
There's more to a suicide
Than meets the eye
Hey hey Durkheim

Out of objective social facts
Grow relations that interact
Producing criminals
And religious tracts
Out of objective social facts

Durkheim is gone but he's not forgotten
Where would social science be without him?
From Marcel Mauss
To Levi-Strauss
Durkheim is gone but he's not forgotten

Durkheim hey hey
Social structures are here to stay
Our collective conscience
Keeps it that way
Durkheim hey hey
